Meeting Mentor AbSciCon Program @ 2017

Join us for the...

3rd AbSciCon Meeting Mentor Program!

Tuesday, 25 April 2017

7:45am - 1:30pm

Please meet at the Mesa Convention Center, Room TBD, at 7:45am for check-in and waiver-signing. A light breakfast will be served.

Since time is limited before sessions begin at 8:30am, we will pair you with your mentee, make a few announcements, and send you on your way.

You and your mentee will engage in conference sessions and activities from 8:30am-12:15pm. Please feel free to go to any and all sessions you like. Posters should be up from Monday evening, and remember, engaging with other scientists in casual conversations may be just as interesting to your mentee as attending talks!

At 12:15pm, please return to the same room as the morning for a group lunch and wrap up including photos and collection of evaluation forms. Please plan to exchange contact information if desired.

Please inform Daniella Scalice of any food allergies or other dietary requirements asap, and direct any questions to her:
daniella.m.scalice@nasa.gov

THANK YOU SO MUCH!
